

QUALITY POLICY

To provide world class services and solutions to the Oil & Gas and Energy industries, delivering the highest quality services to our customer's is fundamental to ABIS Holdings Energy Services Ltd business success.

At ABIS Holdings Energy Services Ltd, our objective is to enhance our client's decision making and maximise value from their assets. We do so by delivering services that exceed customer expectations. We achieve this through our exceptional people who are committed to our clients and the development of robust systems and processes that are continuously improving.

To implement this policy and maintain our customer commitment, management, staff and contractors will:

- Implement, maintain and continually improve a QUALITY Management System with measurable objectives and targets;
- Provide the infrastructure and resources needed for quality; including the work environment, education, training, skills and experience of our people;
- Continually review our QUALITY objectives and the strategies that underpin their achievement;
- Meet or exceed our customer's needs and expectations whilst complying with all legal and contractual obligations;
- Plan and conduct regular audits and management reviews of the QUALITY management system and operating practices to ensure on-going suitability, adequacy, effectiveness and evolution;
- Foster a culture of open and honest appraisal and communication of our performance to encourage development and continuous improvement.

ABIS Holdings Energy Services Ltd recognises that its continued success is built on the outstanding quality of its services and people coupled with continually delighting customers in a safe and environmentally friendly way.

It is the responsibility of all individuals to enhance our reputation as a customer focused company that consistently delivers the highest quality.
